* U (unsound), W (doubtful keeping order), or wet are special descriptors that may be added to any grade. We may at our discretion adjust production assigned such a descriptor according to the underlying grade.

** Any production which due to insurable causes is assigned the corresponding grade will be considered to have zero market value. Such production will not be considered production to count if the production is destroyed in a manner acceptable to us. If you choose not to destroy such production, we will apply the corresponding Discount Factor from the chart.

*** Includes production with the Sand descriptor.
